

Counting Machine PACKMAT ZM

Features

- ▶ Universal counting machine for piece goods
- ▶ Spiral conveyor:
 - ▶ 410, 650, 800 mm Diameter
 - ▶ PU coated
 - ▶ low-noise and maintenance-free
- ▶ Level control for infeed system
- ▶ Digitally adjustable conveyor speed
- ▶ Counting device with a digital sensitiveness control
- ▶ Outlet with pneumatic flap
- ▶ Electric controls: VIPA 300 SPEED 7 or SIEMENS S7-300
- ▶ Operating unit: SIEMENS, touch panel colored display
- ▶ 2 password levels for access rights
- ▶ Data communication: Ethernet interface
- ▶ Simple synchronization with additional machines
- ▶ Design according to:
 - ▶ DIN EN 60204-1 (VDE113-1/A1:2009-10)
 - ▶ Machinery Directives 2006/42/EC
 - ▶ Customer factory standards (on request)
- ▶ High level of maintenance and service friendliness

Options

- ▶ Special conveyor product specific
- ▶ Integrated work piece hopper
- ▶ Auxilliary hopper
- ▶ Hopper with infeed system
- ▶ Clean room design
- ▶ Double counting machine (DZM) for a higher output
- ▶ Other options on request

Technical Data

- Feeding speed: 5 lfm / min
 Electric supply: 230/400 V, 50/60Hz
 Compressed Air: min. 5 bar (oil-free)
 Dimension: for ZM410E 1000 x 680 x 1800 mm (L x W x H)
 Weight: ca. 200 kg
